

Dear Soulmate,

The Soul Aesthetics team is so excited to meet you! We understand that starting your aesthetic journey is a big moment, and we are so grateful you chose us to be a part of it!

Here at Soul, our purpose is to create a patient experience that impacts the Soul through kindness, integrity, and commitment to excellence. We understand that each patient starts their aesthetic journey with different backgrounds and insecurities. Our team meets you where you are at, combining expertise with artistry to create a treatment plan that is just for you. We are your aesthetic Soulmate, here to guide and celebrate you every step of the way. We are committed to providing results that bring out the most confident and self-loving version of you.

We hope this guide eases any anxieties you have about starting this journey and are here to answer any questions you have along the way!

With Love,
The Soul Aesthetics Family

How to Reach Us:

1312 E 36th Pl, Tulsa, OK
Call or Text: (918)-779-7590

What to Expect at your Consultation

Before your Appointment – Fill out your intake forms:

- In your appointment reminder texts, you will be sent a link to fill out new patient paperwork. We are a medical practice and a thorough medical history review is necessary to ensure you are a candidate for treatment.
- These forms take about 15 minutes to fill out. Completing them before your appointment ensures we have enough time at your consultation to complete the following steps.

Before Photos:

- Before photos will be taken at the beginning of your appointment. This allows us to make a thorough assessment and track your results over time.
- These photos required a makeup-free face. Please come without makeup on or be prepared to wash your face at your appointment.
- Bring your makeup with you if you wish to re-apply it after your appointment.

Assessment:

- Your provider will review your medical history.
- Then they will discuss your aesthetic concerns, treatment goals, budget, and timeline.

Customized Treatment Plan:

- After your assessment, your provider will create a customized treatment plan and review it with you.
- We encourage any questions or concerns you have. Making sure you feel comfortable and educated is our top priority!

Treatment:

- Depending on the treatment(s) suggested, your provider may or may not treat the day of your consultation. Most treatments are available the same day as your consultation.
- If you do not get treatment, a \$50 consultation fee will be required and can be used towards your treatment if scheduled within 30 days. This fee is not charged if you receive treatment the same day as your consultation.
